

ENCAMPMENT FOR CLUB BOYS HERE BIGGEST EVENT

Program Announced for
Three Days Instruction
To Be Held at Fair
Grounds in July

Not less than 200 and probably more than 300 farm club boys will be in Vernon for the annual Educational Encampment to be held at the Fair Grounds July 10, 11 and 12. The encampment is to be by far the biggest event of its kind ever held in this section of the state. County Farm Agent P. D. Chaney said yesterday, and the club boys from Wilbarger, Knox, Foard, Wichita and Baylor counties will be in camp in addition to instructors from various parts of the state. Some of the foremost experts from A. and M. College will give instruction on various subjects.

The program that has been worked out in a general way, covers only the main features. Besides the items on the program there will be baseball games and other events of interest. The camp will be under direct charge of the agents headed by P. D. Chaney and John R. Edmonds, the district agent.

The following is the program as announced by Mr. Chaney, exclusive of the many entertainment features.

Hundreds Pay Last Tribute to Pioneer Vernon Physician

Hundreds of people, many of them from Wichita Falls, Crowell, Chillicothe and other points even more distant, attended the funeral of Dr. J. E. Dodson Sr., which was held from the Methodist church here at 4 o'clock Tuesday. The floral tributes were numerous and beautiful and the funeral cortege was one of the largest that has ever formed in Vernon for paying a last tribute to the dead.

A guard of honor was formed by the Knights Templar and the funeral services were under Masonic auspices. Dr. R. E. Dickinson directed the services at the church. Interment was made in East View.

COOL ATMOSPHERE COMES AFTER SEVERAL DAYS HEAT

The severe heat wave which scorched over this entire section of the state for the past week, sending the mercury soaring toward the maximum mark for season records, was broken Wednesday night, temporarily at least, when showers fell in some parts of the county. While the rainfall was light in some localities, it served to cool the atmosphere and to stop the hot winds which had been prevailing for several days.

Go To Convention
County Commissioners O. A. McCalieb, A. M. Bourland, J. S. Archer and Roland Cobb are in Dallas to attend the annual convention of County Judges and County Commissioners in session there. Judge E. L. McHugh, who has been in Alvarado and other points, is also in Dallas for the convention.

FIELDER SELECTED CHAMBER OF COM- MERCE SECRETARY

He Is at Present Mana-
ger Panhandle - Plains
Chamber of Commerce
at Amarillo

R. M. Fielder, of Amarillo, has been selected as secretary of the Vernon Chamber of Commerce. He was appointed at a meeting of the directors held in the Chamber of Commerce rooms Wednesday morning.

For more than a month the directors have been receiving applications for the place of secretary and several persons have been considered. Mr. Fielder's appointment came as some what of a surprise to even his friends in Amarillo as it was not known, until a few days ago, that he was available. He is at present secretary and manager of the Panhandle-Plains Chamber of Commerce at Amarillo and last week when physicians told him he will have to remove his wife to a lower altitude, he put in his application for the vacancy here.

In addition to being secretary and manager of the Panhandle-Plains Chamber of Commerce, Mr. Fielder is president of the Panhandle-Plains Commercial Executives Association. He served as secretary of the Tulsa Chamber of Commerce before going to Amarillo and succeeded in accomplishing many things for that town, having put over a big road improvement program.

It was because of his success at Tulsa that his services were sought in Amarillo and since he has been in Amarillo that city has experienced some of its greatest growth in all lines.

Mr. Fielder came to Vernon with the Amarillo Boosters Tuesday and remained over for a conference with the directors of the Chamber of Commerce Wednesday morning at which conference he was appointed secretary of the organization. He returned to Amarillo Wednesday afternoon and will be back in Vernon to take up his duties July 1, or a few days later.

Shrine Drum Corps To Be Organized in Vernon Right Away

A Maskat Temple, Shrine drum corp with 14 drums, is to be organized in Vernon right away, according to South Ingram. Mr. Ingram went to Wichita Falls this week and conferred with Shrine officials there regarding the organization of the corps here.

Maskat Temple will furnish the drums and the uniforms. The prime purpose of the drum corps will be for attending Shrine events and especially to attend the big Shrine conventions, but the drum corps can work in conjunction with other organizations, Mr. Ingram said, and can be borrowed by the Chamber of Commerce for the trip to Brownwood next year.

Chautauqua Closed Here Wednesday to Come Next Season

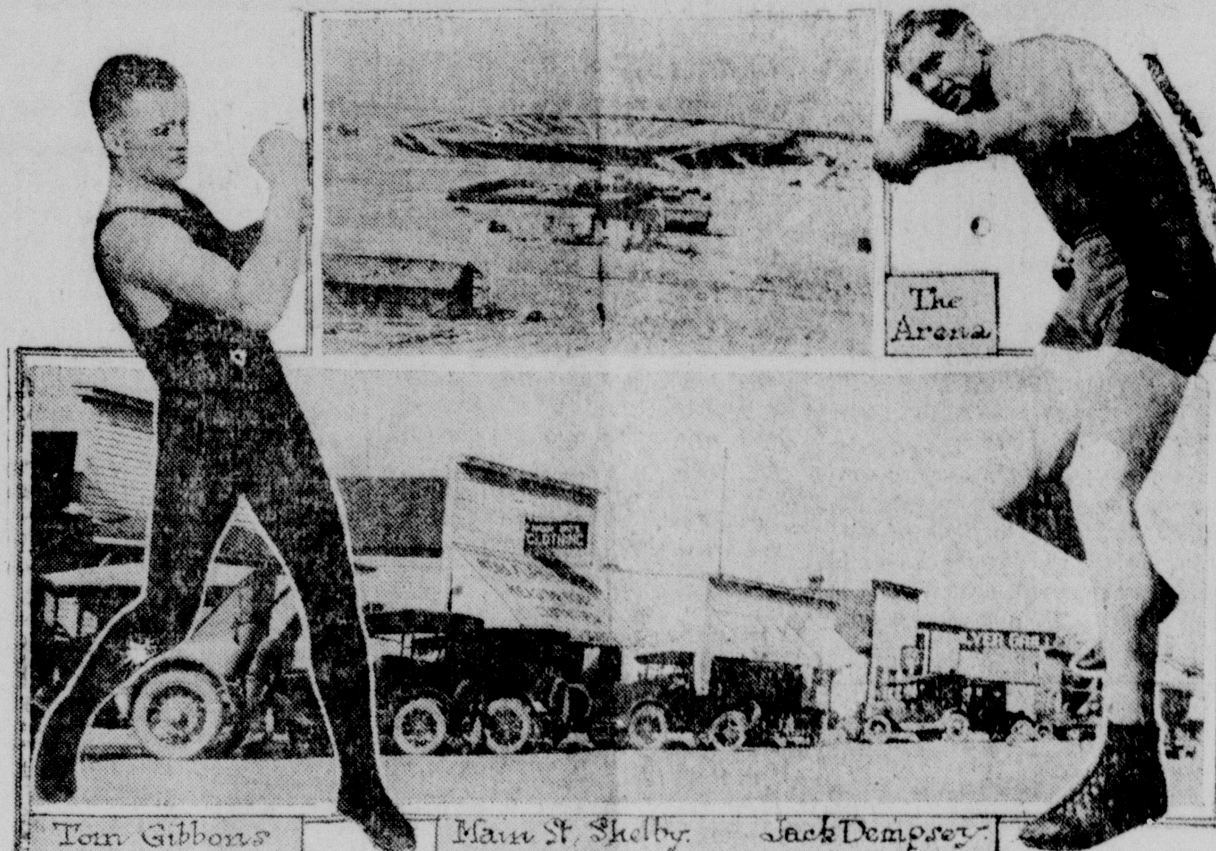

The Redpath-Horner Chautauqua closed here Wednesday night after one of the most successful runs the chautauqua has ever had in Vernon. It was announced on the last night that the contract has been signed for the company to play here again next year and all preliminary arrangements have been completed.

The chautauqua this year apparently pleased those who attended, as the big tent was filled to overflowing at almost every night performance and was often comfortably filled during the afternoon performances, despite the severe heat. Liberal applause was given by the audience to all numbers.

TWO FIRES FOR ONE HOUSE HERE

FIRST FIRE EXTINGUISHED BUT
SECOND DESTROYS BUILD-
ING AND CONTENTS

The residence occupied by Ernest Smith on South Pearl street with most of the contents, was destroyed by fire at 3:30 o'clock Wednesday morning. The fire which destroyed the house was the second one of the night.

The first alarm from the Smith residence came in at 9:30 o'clock. The fire department responded in time to check the flames before any great amount of damage had been done. The fire had originated in a closet, firemen said. Some of the firemen remained until after midnight at the house and declare that every thing that was burned the least bit was removed. They are unable to account for the fire which followed. Fire Marshal Jim Key said.

Building and contents were valued at approximately \$3,250.

Runaway Results in Broken Leg for One and Another Bruised

Jewell Elliott, the three year old daughter of Mr. and Mrs. Lon Elliott, residing across the river, is in a local hospital with a fractured right thigh as the result of a runaway early this week. The child, with her parents was in a wagon when the team became frightened and ran away and was thrown to the ground. Mrs. Elliott also received a severe shock, but was not seriously injured, physicians said.

The little girl is recovering rapidly from her injuries but it will be some time before she will be able to walk.

TREASURER RECEIVES CHECK ON HIGHWAY PROJECT

W. C. Alderman, county treasurer, received a check for the sum of \$16,539.42 from the State Highway Department to cover work already done on the highway through the county. The sum of \$44,894.65, including the check received yesterday has been paid out on the Federal Aid Project work in Wilbarger County.

JURY FINDS TOM ROSS IS GUILTY

ASSESS PENALTY OF 35 YEARS IN
PENITENTIARY AFTER DE-
LIBERATING 27 HOURS

Tom Ross, known in Vernon as Hill Loftis, was found guilty yesterday, by a jury in the district court at Lubbock, of killing W. D. Allison, cattle inspector, and was assessed a penalty of 35 years in the penitentiary. He smiled as the verdict was read. His attorneys are preparing a motion for a new trial.

Milt Goode, also known in Vernon, is now on trial for the same offense and then the two men are to be tried for the killing of H. L. Robertson. In the trial Ross denied killing Allison but admitted shooting Robertson. Both men were killed as they sat in the lobby of a hotel in Seminole on the night of April 1.

The jury brought in a verdict after deliberating 27 hours and 40 minutes. When Ross was led from jail to receive the verdict he appeared slightly nervous for the first time since the trial started, but when the verdict was read, he smiled and regained complete composure.

After the verdict was read, S. L. Wiley, 26, the youngest of the jurors, walked over to Ross, grasped his hand and said, "Mr. Ross we tried to be fair to you." Ross replied, "I have no complaint to make. I am sure the jury was fair and did its duty."

SOME BIG WHEAT CROPS IN COUNTY

GRAIN TESTING OUT FINE FOR
SOME WHILE OTHERS HAVE
ALMOST FAILURE

Some wheat in Wilbarger county has threshed out exceptionally good, according to County Agent P. D. Chaney while other wheat has been almost a total failure, so that it is hard at this time to ascertain what the average will be.

C. T. Smith who has a farm several miles North of Vernon threshed out 21 3/4 bushels per acre on more than 100 acres and the wheat tested 59 pounds to the bushel.

Fred Streit, who resides 15 miles Southwest of Vernon, averaged 15 bushels on 300 acres.

Ed Whorlo, who had in 150 acres on Allingham farm in the Waggoner colony, will average fully 15 bushels to the acre.

There are several other good yields in the county. Mr. Chaney said, and the wheat is exceptionally heavy, but there are some farmers who made almost complete failures with some of their wheat.

Mrs. A. D. Colvin is visiting her mother, Mrs. J. R. Messick.

Bobby Messick, little grandson of J. R. Messick, is recovering after a recent severe illness.

COMMITTEES WORK ON FAIR PROJECT

NO OFFICIAL REPORT READY BUT
INDICATIONS POINT TO suc-
CESS OF PROJECT

Committees working on the project to have the city take over the Wilbarger County Fair Grounds property have made no formal report as yet, but indications point to the success of the project, according to semi-official reports.

In case present stockholders in the association will give their stock or will sell it at a reasonable figure, the city will be asked to take over the property to be made into a park in addition to being improved as a fair ground. The city will be required to erect substantial buildings.

Most of the stock holders already have given all or a part of their stock to the project and the committees are taking subscriptions among those who are not already stockholders, to pay for the stock that is to be bought.

Vernon Oil Men Get Fourth Well in Six Weeks Near Moran

Word has been received from the Moran Oil field that the company of Vernon men drilling on 45 acres near Moran have brought in their fourth well in six weeks. The latest well is making 15 barrels and comes from a depth of about 400 feet.

The company is operated as Keyes and Nickel but there are several Vernon men interested. A total of 18 wells are to be put down and their production from the four wells is about 60 barrels per day.

Valuable Berry Crop

M. Neel, who resides several miles Southwest of Vernon has one seventh of an acre in blackberries which have netted him big money for two successive years. Last season Mr. Neel sold \$375 worth of berries off of this patch, which was at the rate of \$2625 per acre, and this season he did almost as well.

Here for Dr. Dodson Funeral.

Mrs. H. W. Norwood who has been visiting relatives in Crowell accompanied by her niece Miss Clark, Dr. Hines Clark and friends, from Spearman came for the funeral of Dr. J. E. Dodson Tuesday. Mrs. Norwood returned to Crowell to be with her niece who submitted to an operation recently.

Here From Electra.

Mrs. C. W. Igou and children, of Electra and her guest, Miss Hattie Wilson, of Kiefer, Okla., visited in Vernon a short time Tuesday en route to Electra after a visit with Mrs. Igou's father, C. E. Doan at Doans.

Miss Cecile Johnson has returned from a visit to points in Oklahoma.

R. E. Harrell, of Fargo was here yesterday.

KING TUT CLUB MADE PERMANENT VERNON BOOSTER

Bruce Gibson Elected as
President with Haney
and Abbott as Other
First Year Officers

The King Tut Club of Vernon was made a permanent organization when last night at the Bailey hotel 28 boosters met at dinner, adopted by-laws and elected officers. Bruce Gibson was elected president; Ep. M. Haney, vice president and Roy Abbott, secretary and treasurer. Every man at the meeting joined as a charter member and others who could not be present, because of other appointments sent word they would join as charter members.

The slogan adopted by the club was "On to Brownwood". The club is to be a permanent booster organization to work in conjunction with the Chamber of Commerce in boosting for Vernon and getting publicity for Vernon. The first task is to help put on some booster trips to nearby towns and to line up a solid train load of delegates to the Brownwood convention of the West Texas Chamber of Commerce to bring the 1925 convention to Vernon. In addition to taking the band the club will seek to take a thoroughly organized drum corps which is being perfected here.

In addition to the officers elected, president Gibson will appoint several committees among which will be a stunt committee. This body will have charge of the various entertainment and publicity features and will seek to keep the spirit of pep going at full speed ahead. The regular meetings of the club are to be held on the third Thursday in each month.

Young People Have Narrow Escape as Car Turns Turtle

Three young people had a narrow escape from serious injury on West Wilbarger street at the end of the paving Tuesday night when a Ford, in which they were driving, turned over and was badly damaged. The occupants, however, were only badly bruised.

Miss Carpenter, Miss McElheny and R. Moore the latter of Electra were driving along the road, when Miss McElheny became suddenly ill and Miss Carpenter, who was driving, speeded up coming to a physician. The car struck the rough ground at the end of the paving and turned over. Dr. W. R. Moore witnessed the accident and with other persons, went to the rescue, taking Miss Carpenter and Mr. Moore from under the wrecked machine. The windshield of the car was broken and the top was wrecked.

FORMER RED CROSS NURSE VISITS ON WAY TO COLORADO

Miss Rose Ellman, of Beaumont, former public health nurse of Wilbarger county spent a short time here Wednesday with friends. In company with three other young women she was on her way to spend her vacation in Colorado. Miss Ellman was employed at the close of the war by the Red Cross as county nurse and stayed nearly two years in that capacity. She established an enviable record in the conduct of her first Aid classes care of the sick, diet kitchen and nutrition classes. Miss Ellman went from here to the State Health Department at Austin but for the past year has been stationed at Beaumont.

In Fort Worth on Visit.

Mrs. J. D. Robinson and children left Wednesday for a two week's visit with relatives in Fort Worth. Mrs. Odell, of Shawnee, who has been a guest since the first of the week in the Robinson home accompanied her. Miss Florence Robinson also left that day for a visit with friends in Galveston, Houston, Dallas and Fort Worth.

Leave Extended Visit.

Mr. and Mrs. S. E. Lloyd left today for Colorado Springs, where they will visit relatives. They will go from there to Los Angeles, California, for an extended visit.

VERNON GIRL WINS FAME AS PAINTER ON FIRST PICTURE

Miss Lois McGaughy
Sells Her Work to Con-
noisseur for \$175—Gets
Praise for Coloring

Miss Lois McGaughy, daughter of Mr. and Mrs. J. J. McGaughy of Vernon, has stepped into fame as suddenly as a poor man sometimes steps into riches when an oil well comes in over night. Miss McGaughy has sold one of her first oil paintings for \$175 to an art connoisseur of New York and it has been exhibited in the Salons of America in New York City.

"Interior" is the subject of the painting which has brought fame to the Vernon girl. It was painted in class this past term at C. I. A. and was Miss McGaughy's first attempt at oil painting.

In 1922 Miss McGaughy graduated from the Vernon High School and was selected as the prettiest girl in school. She did some work in crayons and a few water colors during her year here but had never attempted oils. At C. I. A. she took up oil painting and when she finished "Interior" and "Still Life," another offering to art, her teacher deemed them so good she advised the pupil to submit them to the semi-annual exhibition in the Salons in New York City. The teacher, herself, sent one of her own paintings.

Miss McGaughy's paintings were both catalogued whereas her teacher's was not. They were put on exhibit and the painting "Interior" attracted immediate attention and was sold to Mrs. Amy Spingarn, one of the many women of New York who have traveled the world over in looking for good art. The price paid, while not unusually high in the art world, is higher than many painters have received for similar work after they have studied for years abroad. In writing to Miss McGaughy, Mrs. Spingarn was profuse in her praise. "Where do you get those wonderful, dark strange colors?" she asked and again "your other picture made me think of dark, stained glass such as you see in the old Cathedrals of France." Mrs. Spingarn has manifested a keen interest in Miss McGaughy's work and has asked for more information on her ideas of painting which the connoisseur has described as entirely unusual. Her colorings, Mrs. Spingarn said, stood out among the many other paintings offered.

Houses in Vernon To Be Numbered Straight Through

Following a petition presented by a citizen's committee the City has adopted an ordinance calling for the re-numbering of houses along the streets of Vernon. The numbering is to be done according to a plan worked out by assistant Postmaster Frank Mann and will start next week.

Instead of numbers of blocks starting East, West, North and South, from the courthouse square, the blocks will be numbered all the way through starting at 900 on North Main at the block by the Frisco station and running on out through town to the city limits.

The 900 block on East Wilbarger and other streets running East and West, will remain 900 and will run in graduating numbers Westward to the city limits.

Numbers are to be supplied each house and each owner is to pay 50 cents for the number plates.

Former Resident Here.

Mrs. W. E. Rettig, wife of one of Vernon's pioneer merchants, who has resided in Houston for a number of years, is here with her son, C. A. Rettig and niece, Miss Mildred Rettig. After visiting old friends for a week the party will continue by automobile to Yellowstone park.

C. D. Shelton, of Odell was here on business Thursday.

Mrs. Emma Kirby is leaving Saturday for an extended visit with relatives and friends at Honey Grove and other Texas towns.

ROAD AMENDMENT DETAILS EXPLAINED

WILBARGER COUNTY VOTERS IN-
TERESTED IN ELECTION
WHICH COMES IN JULY

Wilbarger county residents are vitally interested in the road constitutional amendment which comes up in July. While the amendment has been widely discussed, it is not generally understood by many of the voters.

In last issue of the Texas Highway Bulletin, State Senator Joe Burket, has the following, among other things, to say about the proposed amendment:

"Much has heretofore been spoken and written, and much more will be spoken and written regarding the proposed constitutional amendment which is to be voted on in July allowing the State of Texas, through its Highway Commissioner to take over and maintain and control a system of roads traversing Texas in a connected manner. But the importance of this amendment cannot be easily overestimated. The passage of the amendment simply means that about seven per cent of the roads of the State will be completed and maintained at the expense of the State assisted by funds received from time to time from the federal government. This means, of course, that the counties through which the roads run will be relieved of the burden of looking after these roads and will have much more money to spend on other roads in the county."

"At the present time a large portion of our travel, both of citizens and tourists or visitors, is by automobile. Instead of taking a train now for points within a distance of fifty or sixty miles, the citizen gets in his car, makes the trip, stays as long as he likes and returns at his pleasure without having to wait for the train. He saves both time and expense, to say nothing of the inconvenience. But there are very few stretches of good roads in Texas that exceed fifty miles. More often the good stretch is not more than fifteen to twenty-five miles. The bad road intervenes—there is at present no way to connect the various stretches of good roads, and will not be until the State can take over and systemize and connect the main traveled thoroughfares."

If the proposed constitutional amendment is adopted it means that within a short time our citizens can travel to the more important places most any time rain or shine, without unnecessary wear and tear on their cars, and at a minimum of expense, time and trouble."

"And the expense of maintaining these roads will be borne by those who travel them, under the new law with reference to weight tax on automobiles and the tax on gasoline. The counties through which these roads pass will have the roads maintained without cost to them and the property adjacent to these state highways will continue to increase in value as the years go by, instead of being less valuable and land-ridden, possibly, should the counties continue to each have a separate and distinct system of roads all its own."

"Highways are more useful and needful, outside of education than any other one thing in our State. All of our citizens do more or less travel, and the better the road the quicker the trip, the less expensive in wear and tear on vehicles and far more satisfactory. Texas cannot do without roads. No country at any time at any place in the world ever progressed far."

LIFE SAVED

I feel that your preparations, particularly Ferrasol, saved my life. I was advised by some of the best doctors in Dallas to have an operation for gall stones. I started taking Ferrasol and in one week time I could eat again. It cured me and I believe Ferrasol will cure any case of stomach or bladder trouble if taken properly.

MYSTERY "WOMAN" IDENTIFIED AS SLAYER.

Fred Thompson
alias Mrs.
Francis Carrick

The "woman" arrested as "Mrs. Francis Carrick" in Chicago, charged with the murder of Richard O. Tesmer, insurance man, who was shot dead by a "woman" bandit when he sought to save his wife's wedding ring from high waymen, has turned out to be "Fred Thompson," a man, a drug addict, who for years posed as the wife of Francis Carrick, but who often appeared in his real male garb. He was positively identified by Mrs. Tesmer. The photographs of Thompson, posing as both a man and a woman, were found in his apartment.

without roads. In the ancient times good roads were an index to the class of citizenship and the degree of civilization of the country. Rome and Greece were leaders of their day in learning and civilization and they led in good roads, and their system of roads were complete and did not end with the limits of a subdivision of the state.

"Texas will be taking a forward step in road construction and maintenance if the constitutional amendment is adopted in July. Let every person who is interested in having a connected system of roads see that the matter is mentioned to his neighbor and a vote cast for the amendment."

THE OLD SWIMMING HOLE

Do you ever get to thinking and breathe a sigh
While dreaming of times in the days gone by,
When you as a boy with your fishing pole
Who "tough" on the creek by the swimming hole,
It was a nice cool place in a shady nook
Along the banks of a little mountain brook.
The cows lay around in the shade of the trees,
Enjoying a rest in the nice cool breeze.

The boys came in with a whoop and yell,
Each one had some experience to tell.
Their clothes were strewn about on the rocks,
None were bothered with shoes and socks.
In the deep blue water they paddled about,
Each new arrival was greeted with a shout.
There was Jack, and Tom, and Bill, and Fred,
And also Fatty, John, Skinny, and Red.

No matter what pleasures we have in life,
As we go through the years of toil and strife
There's times when we dream 'tis so with all men,
There comes a longing to be a boy again.
When I get to thinking of days gone by,
Something chokes me and a fear dims my eye,
There comes a wish from the depths of my soul,
To be back again at the old swimming hole.

WOMAN SUSPECT IS HELD IN MURDER CASE

Mrs. Bertha Schillo

Mrs. Bertha Schillo, of Chicago, is under arrest there as a suspect in the murder of Richard Tesmer, Chicago insurance man, who was slain by a woman bandit who held him and his wife up in his garage and then shot him to death when he fought to save his wife's wedding ring. Mrs. Schillo denies the charge.

Notice.

Owing to the extremely hot weather the demand for water is taxing the capacity of the pumps and wells. Patrons are warned against disobeying the ordinance which forbids all sprinkling without a meter. Those found sprinkling without procuring a meter will be cut off without notice as the water is badly needed for necessary purposes and fire protection. Those who have meters are requested to conserve the water as much as possible. This emergency is caused by the new pumping plant being not quite ready.

Birthday Party

Little Miss Dorothy Webb was honored at a delightful party Wednesday afternoon given by her mother, Mrs. Luther Webb at their home on West Paradise street. The occasion was the 6th birthday of the little girl. Long tables were decorated in pink and white and ice cream and cake were served as refreshments. Guests to the number of 35 came and games were played from 4 to 8 o'clock on the lawn.

Pretty Wedding Thursday.

The home of Mrs. Frank A. Gelhausen, of South Fannin street, was the scene of a beautiful home wedding last night at 8:30 o'clock when her daughter, Gertrude, became the bride of Arthur A. Hingst, of Vernon.

The room where the wedding ceremony was said was decorated in the bridal colors of lavender and white with roses in huge vases and trailing vines in profusion lending a charm to the scene. Lights were softly veiled in lavender shades.

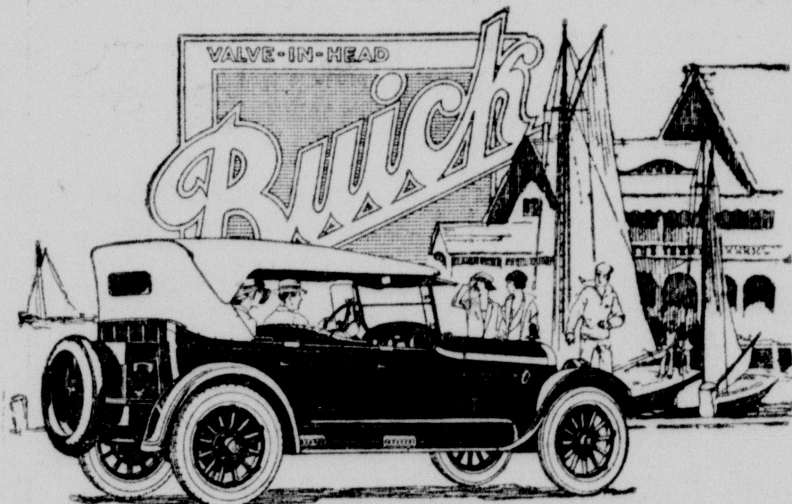

At the appointed hour, the bridal party entered. Miss Erma Gelhausen, as maid of honor, gowning in white organdie entered first with Reinhold Hingst, brother of the bridegroom as best man and took their stations on each side the folding doors, opening into the living room while Mendelssohn wedding march was played by Miss

Gussie Gelhausen. The bride entered with her brother Hugo, who gave her in marriage. Rev. J. A. Birnbaum, pastor of the St. Paul Lutheran church said the ceremony.

The wedding gown was a creation of imported white net and the bride carried a shower bouquet of bride's roses and lilies of the valley.

After the wedding, a dinner was served. The table cloth used on the

ROBS CALOMEL OF NAUSEA AND DANGER

Medical Virtues Retained and Improved—Dangerous and Sickening Qualities Removed Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines, thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles, calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Adv.)

WHY WE SHOULD VOTE THE HIGHWAY AMENDMENT.

The proposed constitutional amendment to be voted on July 28 dealing with the highway situation in Texas is of the utmost importance. Failure to approve the amendment will not take away from the Legislature any of its power to levy taxes. The amendment does not grant to the Legislature any authority to levy taxes beyond the power it already possesses. Neither does the amendment clothe the Legislature with the authority to issue bonds for the improvement of the highways.

Some opposition has been expressed to the amendment based on the notion that it will empower the Legislature to issue bonds. As a matter of fact, the amendment expressly prohibits the Legislature from using the State's credit in any such way. Others object to it on the theory that it will extend the taxing powers of the Legislature. The Legislature will have no power under the amendment to levy any taxes which it does not possess at the present time under existing laws.

The amendment simply proposes to give the State Highway Department the authority to build and maintain roads which form a part of the state system through a county. The Commission does not have this power now. It is vested exclusively in the various Commissioner's Courts. It is only by granting this power to the Commission that we can ever have any hope of building a comprehensive system of highways, and the Bureau of Good Roads insists that these roads be made into a connected system. It also insists that once highways are improved they must be properly maintained. The Federal Bureau cannot accomplish either of these highly desirable ends by dealing with each county as a separate unit. The task is too great. If the work were to be continued on the present basis the Federal Bureau of Good Roads would have to maintain an army of clerks, inspectors, and engineers to look after the business. Therefore, it is only natural that Congress has passed laws regulating the expenditure of road money which compels the Bureau to treat with the states as the proper units for management of roads. Instead of dealing with thousands of counties it will deal only with the forty-eight states through their Highway Departments.

Unless Texas adopts the proposed amendment Federal aid will be withdrawn from Texas.

So, if the people of Texas reject the amendment we will continue to contribute through Federal taxation to the Federal road aid fund and still be cut off from sharing in its distribution. Rejection of the amendment will not stop the Federal Government from its policy of extending aid on roads. It will have no effect on that policy. The money will simply go to those states which meet the requirements of the Federal Government.

In summing up the case for adoption of the amendment, it can be briefly stated that: (1) it does not authorize the Legislature to issue bonds or levy new taxes; (2) it will not increase or decrease the amount we contribute to the Federal road fund; (3) it will make it possible for the Federal Government to continue aid on Texas roads; (4) it will make possible a connected system of highways; (5) ultimately it will mean that the State will take over and repay the counties for the hard-surfaced roads already built where such roads form a part of the state system of highways.

Under these conditions, The Record can see no reason for opposing the amendment. We have nothing to lose and much to gain by its adoption.

AN ABSURD LIQUOR RULING.

The United States Government, in deciding to seize liquors from foreign vessels in American ports even though the intoxicants are locked under the seals of the nations whose flags are carried by the vessels, is carrying the prohibition enforcement to an extreme which is hardly warranted by the evils threatened.

All good American citizens should support every legitimate and proper effort to enforce the prohibition laws of this country. But invading vessels in American ports, breaking the seals of friendly governments and throwing liquor overboard is a step of doubtful wisdom. So long as foreign vessels keep their liquor supplies locked up during their stay in American waters and make no effort to serve liquors to passengers or others inside the three-mile limit, there can

MAJOR DAUGHERTY FLEES FROM SANITARIUM

Major Draper M. Daugherty

Major Draper M. Daugherty, son of Attorney General Harry M. Daugherty, escaped from the Stamford Hall Sanatorium at Stamford, Connecticut, when unknown persons stopped their automobile, took him aboard and "stepped on the gas." Daugherty voluntarily entered the sanatorium on April 25. Two days later he was formally committed for not less than four months nor more than a year, upon application of his wife, Jean B. Daugherty, and his uncle, M. S. Daugherty. It was testified his health had been impaired through drink. Daugherty gained considerable notoriety through his acquaintance with "Dot" King, New York model, who was mysteriously assassinated and to whom J. K. Mitchell of Philadelphia, son-in-law of E. T. Stansbury, admitted he gave large sums of money. Daugherty served with great gallantry in France.

JACK HARRIMAN, EXILED, IS MAKING GOOD.

Mr. and Mrs. Jack Harriman

Young Jack Harriman, son of Mr. and Mrs. Oliver Harriman, multi-millionaire leaders of New York society, married Alice Laddley, dancing girl and artist's model, on August 12, 1922. She had been raised almost as a ward of Mr. and Mrs. Howard Chandler Christy. Young Harriman was told by his family he would have "to make good on his own." With an allowance from his father of only \$200 a month, he and his bride are living happily in the little railroad town of Jackson, Tennessee, where he is learning the railroad business from the ground up.

be no legitimate complaint against them.

This action does not lessen the sale or consumption of liquor in the United States in violation of our prohibition laws. Bootleggers and rum runners do not get their supplies from the big ocean liners which make regular trips between this country and Europe. The liquor supplies on these vessels is provided only for the use of passengers and crew while sailing the seas outside American waters. No effort has been made to defy the prohibition laws by the big steamship companies inside our three-mile limit. Why harass the owners of these vessels who respect our laws when the country is full of bootleggers and moonshiners?

The time and energy expended in trying to enforce this absurd rule could be put to better use in other directions by the prohibition enforcement officers.

FOSTER'S WEEKLY WEATHER BULLETIN

Washington, June 25, 1923.—Interest in weather of July and August is intense. Three weather features control the ten principal solar system bodies have located the evaporation in the Northeastern Pacific Ocean and practically all the moisture for our continent must come from there. That means more rain than usual for July and August, as a general average. Of course local land formations will make some sections dry. The second excessive rain feature, controlled by a few planets in strong positions, warns that unusually numerous and severe storms will prevail thru July and August, causing an increase of rain for the continent. Location of the rains is a third feature about which I am not so sure. For east of Rockies' crest that moisture must come thru the gaps of the Rockies and how the moisture will be distributed has not been fully worked out.

The Rocky Mountains, from their northern to their southern extremities have a five months winter drought to pass thru, beginning about middle of next October. This will be a good test and I invite criticism. That is not much of an agricultural country and the above cannot seriously hurt people. It may warn those who irrigate to fill their reservoirs now while water is plentiful and the southern herdsmen of the mountains may find other pastures. That great mountain country is one of the most difficult sections of the world for which to make weather forecasts. I am taking a very great risk in the above; it covers 150,000 square miles of land.

Safety First

Safety First is a slogan that does not apply only to dodging trains and automobiles.

There is a safe margin in business to be considered. It is safer to save than to spend. If you save it is safer to select a strong and reliable bank to do business with.

If you farm it is safer to have more than one crop. The better the crop is diversified the better your chances for sure returns for your years work.

Think this over very carefully. Formulate your plans on a safety margin basis. Work to that end and if you need assistance we are glad to help.

"COATS OFF" IS MOTTO IN NEW YORK COURT

For the first time in the history of the dignified Supreme Court of New York, Justice Joseph Morschauser, sitting at White Plains, told lawyers, witnesses, jurors and court attendants to take their coats off when the heat became oppressive. No one failed to accept the offer of the venerable jurist.

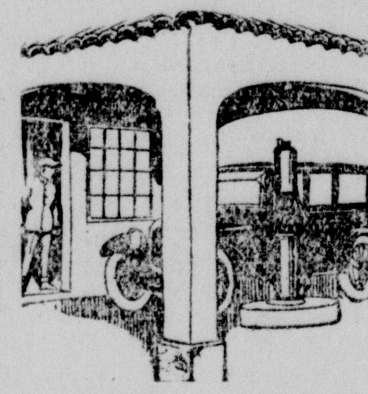

We guess that everybody believes that an ounce of prevention is worth a pound of cure. Of course you realize that if the plumbing at your house is put into the proper shape at this time some member of your household may not fall ill at some later date. Hearing on Motion to Amend Petition in Progress Today

Before Judge James V. Leek in the 46th District Court this morning a hearing was started in which the Vernon Electric and Ice Company is seeking to amend its petition for an injunction against the city relative to the building of an electric plant. The motion was scheduled to be heard at 10 o'clock but had only gotten started good at noon as there was a great bulk of evidence to be submitted and some preliminary arguments were being heard.

HOUSE JOINT RESOLUTION NO. 16

Proposing an amendment to Article 8, of the Constitution of the State of Texas, which relates to taxation and revenues, and adding thereto a new section to be known as Section 9a, directing the Legislature to provide for the construction, operation and maintenance of a State system of public highways; providing for an election for the ratification or rejection of amendment herein proposed, and making an appropriation to defray the expenses of said election.

Be It Resolved by the Legislature of the State of Texas: That there be submitted to the people of Texas, for ratification or rejection at a special election provided for herein an amendment to Article 8, of the Constitution of the State of Texas, amending said Article 8, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 9a, which shall read as follows:

SECTION 9a.—The Legislature is authorized and directed to provide for the creation, establishment, construction, maintenance and repair of a system of improved highways throughout the State to be under the control of the State; and in order that the State may provide the means, revenues and instrumentalities the establishment and maintenance of such system of highways, the Legislature is empowered to levy and cause to be collected specific, excise and ad valorem taxes, in addition to those permitted for other purposes in the Constitution, but such an ad valorem tax shall be imposed only for the purpose of retiring the bonds authorized by vote of the people of this State as provided for hereinafter in this Section.

When said system shall have been designated and taken over for the State as provided in Section A hereof, the Legislature is authorized to make provision for the equitable compensation to such counties for the value of such improvements as have been theretofore constructed by the counties in the State.

Provided, also that save for the State highway system, in all other respects, counties shall have the right to build, construct and maintain roads, turnpikes, and bridges within their respective boundaries and the Constitutional provisions relating thereto are not qualified or repealed by reason hereof.

The Legislature, at any Regular or Special Session, is authorized and directed to pass and enact all appropriate legislation necessary to carry out and effectuate the purpose and intent of these Articles. SEC. 2.—The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the fourth Saturday in July, 1923, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and Laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words: "OFFICIAL BALLOT" For the

Monday in August, 1923, being the 26th day of said month, then and there to answer a petition filed in said court on the 20th day of June, 1923, in a suit numbered on the docket of said court No. 2315, wherein G. W. Elliott is plaintiff and J. E. Walker, L. P. Lorraine, J. F. Edwards and Carry Edwards are defendants. Said petition alleging that on the 1st of June, 1923, plaintiff was the owner of lot 40, (b) in block four (4), Seablock & Lorraine Addition to the town of Vernon, in Wilbarger County, Texas, and on said date defendants entered upon same and ejected plaintiff therefrom to plaintiff's damage of \$5000.00.

Plaintiff further alleges that he and those whose estate he has, claiming said property under deed duly registered, had peaceable and adverse possession, cultivating and paying taxes upon the same for more than five years and he and those whose estate he has, claiming to have good and perfect right and title to said premises, has held the same peaceably and had the adverse possession thereof for more than ten years next preceding the 1st of June, 1923, claiming said land under the statute of limitation and praying for writ of restitution and that all title be divested out of defendants and vested in plaintiff, for cost of suit and general relief.

Herein filed not, but have you before said court on the said first day of the next term thereof this writ with your return showing how you have executed the same. Witness Mrs. J. A. Walker, Clerk of the District Court of Wilbarger County, Texas. Given under my hand and seal of said court, at office, in the City of Vernon, this 10th day of June, 1923.

Hundreds Pay Last Tribute to Pioneer Vernon Physician

Hundreds of people, many of them from Wichita Falls, Crowell, Childcotie and other points even more distant, attended the funeral of Dr. J. E. Dodson Sr., which was held from the Methodist church here at 4 o'clock Tuesday. The floral tributes were numerous and beautiful and the funeral cortege was one of the largest that has ever formed in Vernon for paying a last tribute to the dead.

A guard of honor was formed by the Knights Templar and the funeral services were under Masonic auspices. Dr. R. E. Dickinson directed the services at the church. Interment was made in East View.

COOL ATMOSPHERE COMES AFTER SEVERAL DAYS HEAT

The severe heat wave which scorched over this entire section of the state for the past week, sending the mercury soaring toward the maximum mark for season records, was broken Wednesday night, temporarily at least, when showers fell in some parts of the county. While the rainfall was light in some localities, it served to cool the atmosphere and to stop the hot winds which had been prevailing for several days.

Go To Convention
County Commissioners O. A. McCall, A. M. Bourland, J. S. Archer and Roland Cobb are in Dallas to attend the annual convention of County Judges and County Commissioners in session there. Judge E. L. McHugh, who has been in Alvarado and other points, is also in Dallas for the convention.

FIELDER SELECTED CHAMBER OF COM- MERCE SECRETARY

He Is at Present Man-
ager Panhandle - Plains
Chamber of Commerce
at Amarillo

R. M. Fielder, of Amarillo, has been selected as secretary of the Vernon Chamber of Commerce. He was appointed at a meeting of the directors held in the Chamber of Commerce rooms Wednesday morning.

For more than a month the directors have been receiving applications for the place of secretary and several persons have been considered. Mr. Fielder's appointment came as somewhat of a surprise to even his friends in Amarillo as it was not known, until a few days ago, that he was available. He is at present secretary and manager of the Panhandle-Plains Chamber of Commerce at Amarillo and last week when physicians told him he will have to remove his wife to a lower altitude, he put in his application for the vacancy here.

In addition to being secretary and manager of the Panhandle-Plains Chamber of Commerce, Mr. Fielder is president of the Panhandle-Plains Commercial Executives Association. He served as secretary of the Tulsa Chamber of Commerce before going to Amarillo and succeeded in accomplishing many things for that town, having put over a big road improvement program.

It was because of his success at Tulsa that his services were sought in Amarillo and since he has been in Amarillo that city has experienced some of its greatest growth in all times.

Mr. Fielder came to Vernon with the Amarillo Boosters Tuesday and remained over for a conference with the directors of the Chamber of Commerce Wednesday morning at which conference he was appointed secretary of the organization. He returned to Amarillo Wednesday afternoon and will be back in Vernon to take up his duties July 1, or a few days later.

Shrine Drum Corps To Be Organized in Vernon Right Away

A Maskat Temple, Shrine drum corp with 14 drums, is to be organized in Vernon right away, according to Seth Ingram. Mr. Ingram went to Wichita Falls this week and conferred with Shrine officials there regarding the organization of the corps here.

Maskat Temple will furnish the drums and the uniforms. The prime purpose of the drum corps will be for attending Shrine events and especially to attend the big Shrine conventions, but the drum corps can work in conjunction with other organizations. Mr. Ingram said, and can be borrowed by the Chamber of Commerce for the trip to Brownwood next year.

Chautauqua Closed Here Wednesday to Come Next Season

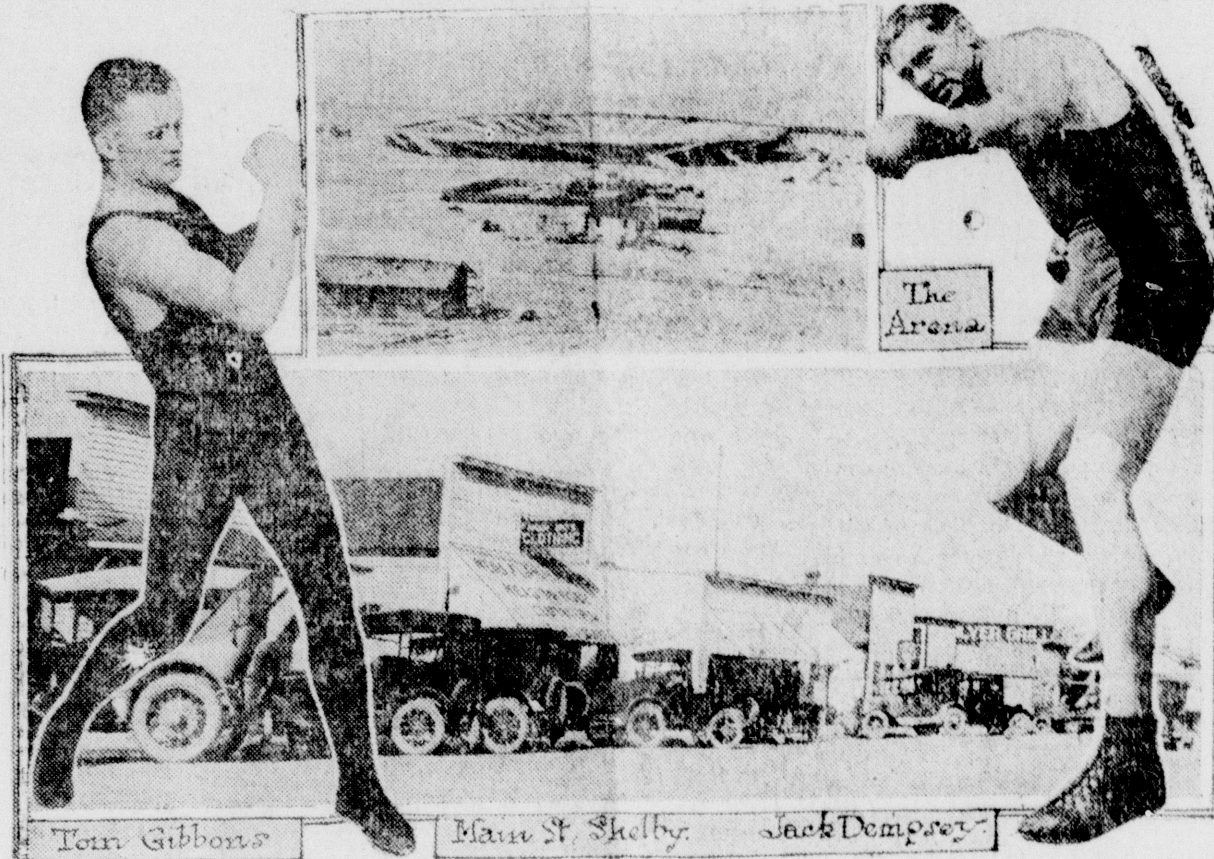

The Redpath-Horner Chautauqua closed here Wednesday night after one of the most successful runs the chautauqua has ever had in Vernon. It was announced on the last night that the contract has been signed for the company to play here again next year on a full preliminary arrangements have been completed.

The chautauqua this year apparently pleased those who attended, as the big tent was filled to overflowing at almost every night performance and was often comfortably filled during the afternoon performances, despite the severe heat. Liberal applause was given by the audience to all numbers.

TWO FIRES FOR ONE HOUSE HERE

FIRST FIRE EXTINGUISHED BUT
SECOND DESTROYS BUILD-
ING AND CONTENTS

The residence occupied by Ernest Smith on South Pearl street with most of the contents, was destroyed by fire at 2:30 o'clock Wednesday morning. The fire which destroyed the house was the second one of the night.

The first alarm from the Smith residence came in at 9:30 o'clock. The fire department responded in time to check the flames before any great amount of damage had been done. The fire had originated in a closet, firemen said. Some of the firemen remained until after midnight at the house and declare that every thing that was burned the least bit was removed. They are unable to account for the fire which followed. Fire Marshal Jim Key said.

Building and contents were valued at approximately \$3,250.

Runaway Results in Broken Leg for One and Another Bruised

Jewell Elliott, the three year old daughter of Mr. and Mrs. Lon Elliott, residing across the river, is in a local hospital with a fractured right thigh as the result of a runaway early this week. The child, with her parents was in a wagon when the team became frightened and ran away and was thrown to the ground. Mrs. Elliott also received a severe shock, but was not seriously injured, physicians said.

The little girl is recovering rapidly from her injuries but it will be some time before she will be able to walk.

TREASURER RECEIVES CHECK ON HIGHWAY PROJECT

W. C. Alderman, county treasurer, received a check for the sum of \$16,539.42 from the State Highway Department to cover work already done on the highway through the county. JURY FINDS TOM ROSS IS GUILTY

ASSESS PENALTY OF 35 YEARS IN
PENITENTIARY AFTER DE-
LIBERATING 27 HOURS

Tom Ross, known in Vernon as Hill Loftus, was found guilty yesterday, by a jury in the district court at Lubbock, of killing W. D. Allison, cattle inspector, and was assessed a penalty of 35 years in the penitentiary. He smiled as the verdict was read. His attorneys are preparing a motion for a new trial.

Milt Goode, also known in Vernon, is now on trial for the same offense and then the two men are to be tried for the killing of H. L. Robertson. In the trial Ross denied killing Allison but admitted shooting Robertson. Both men were killed as they sat in the lobby of a hotel in Seminole on the night of April 1.

The jury brought in a verdict after deliberating 27 hours and 40 minutes. When Ross was led from jail to receive the verdict he appeared slightly nervous for the first time since the trial started, but when the verdict was read, he smiled and regained complete composure.

After the verdict was read, S. L. Wiley, 26, the youngest of the jurors, walked over to Ross, grasped his hand and said, "Mr. Ross we tried to be fair to you." Ross replied, "I have no complaint to make. I am sure the jury was fair and did its duty."

SOME BIG WHEAT CROPS IN COUNTY

GRAIN TESTING OUT FINE FOR
SOME WHILE OTHERS HAVE
ALMOST FAILURE

Some wheat in Wilbarger county has threshed out exceptionally good, according to County Agent P. D. Chaney while other wheat has been almost a total failure, so that it is hard at this time to ascertain what the average will be.

C. T. Smith who has a farm several miles North of Vernon threshed out 21 3/4 bushels per acre on more than 100 acres and the wheat tested 59 pounds to the bushel.

Fred Streit, who resides 15 miles Southwest of Vernon, averaged 15 bushels on 300 acres.

Ed Whorlo, who had in 150 acres on Allingham farm in the Waggoner colony, will average fully 15 bushels to the acre.

There are several other good yields in the county, Mr. Chaney said, and the wheat is exceptionally heavy, but there are some farmers who made almost complete failures with some of their wheat.

Mrs. A. D. Colvin is visiting her mother, Mrs. J. R. Messick.

Bobby Messick, little grandson of J. R. Messick, is recovering after a recent severe illness.

COMMITTEES WORK ON FAIR PROJECT

NO OFFICIAL REPORT READY BUT
INDICATIONS POINT TO suc-
CESS OF PROJECT

Committees working on the project to have the city take over the Wilbarger County Fair Grounds property have made no formal report as yet, but indications point to the success of the project, according to semi-official reports.

In case present stockholders in the association will give their stock or will sell it at a reasonable figure, the city will be asked to take over the property to be made into a park in addition to being improved as a fair ground. The city will be required to erect substantial buildings.

Most of the stock holders already have given all or a part of their stock to the project and the committees are taking subscriptions among those who are not already stockholders, to pay for the stock that is to be bought.

Vernon Oil Men Get Fourth Well in Six Weeks Near Moran

Word has been received from the Moran Oil field that the company of Vernon men drilling on 45 acres near Moran have brought in their fourth well in six weeks. The latest well is making 15 barrels and comes from a depth of about 400 feet.

The company is operated as Keres and Nickel but there are several Vernon men interested. A total of 18 wells are to be put down and their production from the four wells is about 60 barrels per day.

Valuable Berry Crop

M. Neel, who resides several miles Southwest of Vernon has one seventh of an acre in blackberries which have netted him big money for two successive years. Last season Mr. Neel sold \$375 worth of berries off of the patch, which was at the rate of \$2625 per acre, and this season he did almost as well.

KING TUT CLUB MADE PERMANENT VERNON BOOSTER

Bruce Gibson Elected as
President with Haney
and Abbott as Other
First Year Officers

The King Tut Club of Vernon was made a permanent organization when last night at the Bailey hotel 28 boosters met at dinner, adopted by-laws and elected officers. Bruce Gibson was elected president; E. M. Haney, vice president and Roy Abbott, secretary and treasurer. Every man at the meeting joined as a charter member and others who could not be present, because of other appointments sent word they would join as charter members.

The slogan adopted by the club was "On to Brownwood". The club is to be a permanent booster organization to work in conjunction with the Chamber of Commerce in boosting for Vernon and getting publicity for Vernon. The first task is to help put on some booster trips to nearby towns and to line up a solid train load of delegates to the Brownwood convention of the West Texas Chamber of Commerce to bring the 1925 convention to Vernon. In addition to taking the band the club will seek to take a thoroughly organized drum corps which is being perfected here.

In addition to the officers elected, president Gibson will appoint several committees among which will be a stunt committee. This body will have charge of the various entertainment and publicity features and will seek to keep the spirit of pep going at full speed ahead. The regular meetings of the club are to be held on the third Thursday in each month.

Young People Have Narrow Escape as Car Turns Turtle

Three young people had a narrow escape from serious injury on West Wilbarger street at the end of the paving Tuesday night when a Ford, in which they were driving, turned over and was badly damaged. The occupants, however, were only badly bruised.

Miss Carpenter, Miss McElheny and R. Moore the latter of Electra were driving along the road, when Miss McElheny became suddenly ill and Miss Carpenter, who was driving, speeded up coming to a physician. The car struck the rough ground at the end of the paving and turned over. Dr. W. R. Moore witnessed the accident and with other persons, went to the rescue, taking Miss Carpenter and Mr. Moore from under the wrecked machine. The windshield of the car was broken and the top was wrecked.

FORMER RED CROSS NURSE VISITS ON WAY TO COLORADO

Miss Rose Ellman, of Beaumont, former public health nurse of Wilbarger county spent a short time here Wednesday with friends. In company with three other young women she was on her way to spend her vacation in Colorado. Miss Ellman was employed at the close of the war by the Red Cross as county nurse and stayed nearly two years in that capacity.

She established an enviable record in the conduct of her first aid classes care of the sick, diet kitchen and nutrition classes. Miss Ellman went from here to the State Health Department at Austin but for the past year has been stationed at Beaumont.

VERNON GIRL WINS FAME AS PAINTER ON FIRST PICTURE

Miss Lois McGaughy
Sells Her Work to Con-
noisseur for \$175—Gets
Praise for Coloring

Miss Lois McGaughy, daughter of Mr. and Mrs. J. J. McGaughy of Vernon, has stepped into fame as suddenly as a poor man sometimes steps into riches when an oil well comes in over night. Miss McGaughy has sold one of her first oil paintings for \$175 to an art connoisseur of New York and it has been exhibited in the Salons of America in New York City.

"Interior" is the subject of the painting which has brought fame to the Vernon girl. It was painted in class this past term at C. I. A. and was Miss McGaughy's first attempt at oil painting.

In 1922 Miss McGaughy graduated from the Vernon High School and was selected as the prettiest girl in school. She did some work in crayons and a few water colors during her year here but had never attempted oils. At C. I. A. she took up oil painting and when she finished "Interior" and "Still Life," another offering to art, her teacher deemed them so good she advised the pupil to submit them to the semi-annual exhibition in the Salons in New York City. The teacher, herself, sent one of her own paintings.

Miss McGaughy's paintings were both catalogued whereas her teacher's was not. They were put on exhibit and the painting "Interior" attracted immediate attention and was sold to Mrs. Amy Spingarn, one of the many women of New York who have traveled the world over in looking for good art. The price paid, while not unusually high in the art world, is higher than many painters have received for similar work after they have studied for years abroad. In writing to Miss McGaughy, Mrs. Spingarn was profuse in her praise, "Where do you get those wonderful, dark strange colors? she asked and again "your other picture made me think of dark, stained glass such as you see in the old Cathedrals of France." Mrs. Spingarn has manifested a keen interest in Miss McGaughy's work and has asked for more information on her ideas of painting which the connoisseur has described as entirely unusual. Her colorings, Mrs. Spingarn said, stood out among the many other paintings offered.

Houses in Vernon To Be Numbered Straight Through

Following a petition presented by a citizen's committee the City has adopted an ordinance calling for the re-numbering of houses along the streets of Vernon. The numbering is to be done according to a plan worked out by assistant Postmaster Frank Mann and will start next week.

Instead of numbers of blocks starting East, West, North and South from the courthouse square, the blocks will be numbered all the way through starting at 900 on North Main at the block by the Frisco station and running on out through town to the city limits.

The 900 block on East Wilbarger and other streets running East and West, will remain 900 and will run in graduating numbers Westward to the city limits.

Numbers are to be supplied each house and each owner is to pay 50 cents for the number plates.

Former Resident Here.

Mrs. W. E. Rettig, wife of one of Vernon's pioneer merchants, who has resided in Houston for a number of years, is here with her son, C. A. Rettig and niece, Miss Mildred Rettig. After visiting old friends for a week the party will continue by automobile to Yellowstone park.

C. D. Shelton, of Odell was here on business Thursday.

Mrs. Emma Kirby is leaving Saturday for an extended visit with relatives and friends at Honey Grove and other Texas towns.

ROAD AMENDMENT DETAILS EXPLAINED

WILBARGER COUNTY VOTERS INTERESTED IN ELECTION WHICH COMES IN JULY

Wilbarger county residents are vitally interested in the road constitutional amendment which comes up in July. While the amendment has been widely discussed, it is not generally understood by many of the voters.

In last issue of the Texas Highway Bulletin, State Senator Joe Burkett, has the following, among other things, to say about the proposed amendment:

"Much has heretofore been spoken and written, and much more will be spoken and written regarding the proposed constitutional amendment which is to be voted on in July allowing the State of Texas, through its Highway Commissioner to take over and maintain and control a system of roads traversing Texas in a connected manner. But the importance of this amendment cannot be easily overestimated. The passage of the amendment simply means that about seven per cent of the roads of the State will be completed and maintained at the expense of the State assisted by funds received from time to time from the federal government. This means of course, that the counties through which the roads run will be relieved of the burden of looking after these roads and will have much more money to spend on other roads in the county."

"At the present time a large portion of our travel, both of citizens and tourists or visitors, is by automobile. Instead of taking a train now for points within a distance of fifty or sixty miles, the citizen gets in his car, makes the trip, stays as long as he likes and returns at his pleasure without having to wait for the train. He saves both time and expense, to say nothing of the inconvenience. But there are very few stretches of good roads in Texas that exceed fifty miles. More often the good stretch is not more than fifteen to twenty-five miles. The bad road intervenes—there is at present no way to connect the various stretches of good roads, and will not be until the State can take over and systemize and connect the main traveled thoroughfares."

If the proposed constitutional amendment is adopted it means that within a short time our citizens can travel to the more important places most any time rain or shine, without unnecessary wear and tear on their cars, and at a minimum of expense, time and trouble.

"And the expense of maintaining these roads will be borne by those who travel them, under the new law with reference to weight tax on automobiles and the tax on gasoline. The counties through which these roads pass will have the roads maintained without cost to them and the property adjacent to these state highways will continue to increase in value as the roads go by, instead of being less valuable and hard-riden, possibly, should the counties continue to each have a separate and distinct system of roads all its own."

"Highways are more useful and needed, outside of education, than any other one thing in our State. All of our citizens do more or less travel, and the better the road the quicker the trip, the less expensive in wear and tear on vehicles and far more satisfactory. Texas cannot do without roads. No country at any time at any place in the world ever progressed far."

R. D. ELLIOT'S LIFE SAVED

I feel that your preparations, particularly Ferrasol, saved my life. I was advised by some of the best doctors in Dallas to have an operation for gall stones. I started taking Ferrasol and in one week time I could eat again. It cured me and I believe Ferrasol will cure any case of stomach or bladder trouble if taken properly.

Fred Thompson
alias Mrs.
Francis Carrick

The "woman" arrested as "Mrs. Francis Carrick" in Chicago, charged with the murder of Richard O. Tesmer, insurance man, who was shot dead by a "woman" bandit when he sought to save his wife's wedding ring from high waymen, has turned out to be "Fred Thompson," a man, a drug addict, who for years posed as the wife of Francis Carrick, but who often appeared in his real male garb. He was positively identified by Mrs. Tesmer. The photographs of Thompson, posing as both a man and a woman, were found in his apartment.

without roads. In the ancient times good roads were an index to the class of citizenship and the degree of civilization of the country. Rome and Greece were leaders of their day in learning and civilization and they led in good roads, and their system of roads were complete and did not end with the limits of a subdivision of the state.

"Texas will be taking a forward step in road construction and maintenance if the constitutional amendment is adopted in July. Let every person who is interested in having a connected system of roads see that the matter is mentioned to his neighbor and a vote cast for the amendment."

THE OLD SWIMMING HOLE

Do you ever get to thinking and breathe a sigh
While dreaming of times in the
days gone by,
When you as a boy with your fishing pole
What "hook" on the creek" by the
swimming hole.
It was a nice cool place in a shady
nook
Along the banks of a little mountain
brook.
The cows lay around in the shade of
the trees,
Enjoying a rest in the nice cool
breeze.

The boys came in with a whoop and yell,
Each one had some experience to tell,
Their clothes were strewn about on the rocks,
None were bothered with shoes and socks,
In the deep blue water they paddled about,
Each new arrival was greeted with a shout,
There was Jack, and Tom, and Bill, and Fred,
And also Fatty, John, Skinny, and Red.

No matter what pleasures we have in life,
As we go through the years of toil and strife
There's times when we dream 'tis so with all men,
There comes a longing to be a boy again,
When I get to thinking of days gone by,
Something chokes me and a tear dims my eye,
There comes a wish from the depths of my soul,
To be back again at the old swimming hole.

Notice.

Owing to the extremely hot weather the demand for water is taxing the capacity of the pumps and wells. Patrons are warned against disobeying the ordinance which forbids all sprinkling without a meter. Those found sprinkling without procuring a meter will be cut off without notice as the water is badly needed for necessary purposes and fire protection. Those who have meters are requested to conserve the water as much as possible. This emergency is caused by the new pumping plant being not quite ready.

Pretty Wedding Thursday.

The home of Mrs. Frank A. Gelhausen, of South Fannin street was the scene of a beautiful home wedding last night at 8:30 o'clock when her daughter, Gertrude, became the bride of Arthur A. Hingst, of Vernon.

The room where the wedding ceremony was said was decorated in the bridal colors of lavender and white with roses in huge vases and trailing vines in profusion lending a charm to the scene. Lights were softly veiled in lavender shades.

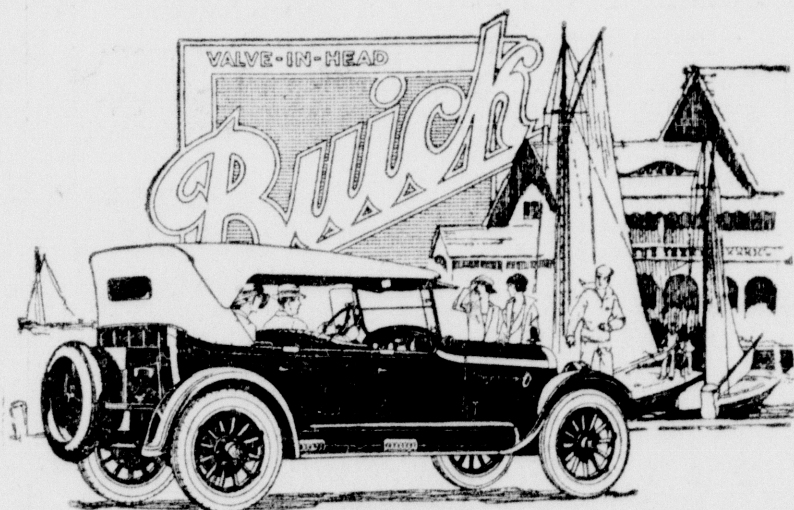

At the appointed hour, the bridal party entered. Miss Erma Gelhausen, as maid of honor, gown in white organdie entered first with Reinhold Hingst, brother of the bridegroom as best man and took their stations on each side the folding doors, opening into the living room while Mendelssohn wedding march was played by Miss

Gussie Gelhausen. The bride entered with her brother Hugo, who gave her in marriage. Rev. J. A. Birnbaum, pastor of the St. Paul Lutheran church said the ceremony.

The wedding gown was a creation of imported white net and the bride carried a shower bouquet of bride's roses and lilies of the valley.

After the wedding, a dinner was served. The table cloth used on the

WHY WE SHOULD VOTE THE HIGHWAY AMENDMENT.

The proposed constitutional amendment to be voted on July 28 dealing with the highway situation in Texas is of the utmost importance. Failure to approve the amendment will not take away from the Legislature any of its power to levy taxes. The amendment does not grant to the Legislature any authority to levy taxes beyond the power it already possesses. Neither does the amendment clothe the Legislature with the authority to issue bonds for the improvement of the highways.

Some opposition has been expressed to the amendment based on the notion that it will empower the Legislature to issue bonds. As a matter of fact, the amendment expressly prohibits the Legislature from using the State's credit in any such way. Others object to it on the theory that it will extend the taxing powers of the Legislature. The Legislature will have no power under the amendment to levy any taxes which it does not possess at the present time under existing laws.

The amendment simply proposes to give the State Highway Department the authority to build and maintain roads which form a part of the state system through a county. The Commission does not have this power now. It is vested exclusively in the various Commissioner's Courts. It is only by granting this power to the Commission that we can ever have any hope of building a comprehensive system of highways, and the Bureau of Good Roads insists that these roads be made into a connected system. It also insists that once highways are improved they must be properly maintained. The Federal Bureau cannot accomplish either of these highly desirable ends by dealing with each county as a separate unit. The task is too great. If the work were to be continued on the present basis the Federal Bureau of Good Roads would have to maintain an army of clerks, inspectors, and engineers to look after the business. Therefore, it is only natural that Congress has passed laws regulating the expenditure of road money which compels the Bureau to treat with the states as the proper units for management of roads. Instead of dealing with thousands of counties it will deal only with the forty-eight states through their Highway Departments.

Unless Texas adopts the proposed amendment Federal aid will be withdrawn from Texas.

So, if the people of Texas reject the amendment we will continue to contribute through Federal taxation to the Federal road aid fund and still be cut off from sharing in its distribution. Rejection of the amendment will not stop the Federal Government from its policy of extending aid on roads. It will have no effect on that policy. The money will simply go to those states which meet the requirements of the Federal Government.

In summing up the case for adoption of the amendment, it can be briefly stated that: (1) it does not authorize the Legislature to issue bonds or levy new taxes; (2) it will not increase or decrease the amount we contribute to the Federal road fund; (3) it will make it possible for the Federal Government to continue aid on Texas roads; (4) it will make possible a connected system of highways; (5) ultimately it will mean that the State will take over and repay the counties for the hard-surfaced roads already built where such roads form a part of the state system of highways.

Under these conditions The Record can see no reason for opposing the amendment. We have nothing to lose and much to gain by its adoption.

AN ABSURD LIQUOR RULING.

The United States Government, in deciding to seize liquors from foreign vessels in American ports even though the intoxicants are locked under the seals of the nations whose flags are carried by the vessels, is carrying the prohibition enforcement to an extreme which is hardly warranted by the evils threatened.

All good American citizens should support every legitimate and proper effort to enforce the prohibition laws of this country. But invading vessels in American ports, breaking the seals of friendly governments and throwing liquor overboard is a step of doubtful wisdom. So long as foreign vessels keep their liquor supplies locked up during their stay in American waters and make no effort to serve liquors to passengers or others inside the three-mile limit, there can

MAJOR DAUGHERTY FLEES FROM SANITARIUM

Major Draper M. Daugherty

Major Draper M. Daugherty, son of Attorney General Harry M. Daugherty, escaped from the Stamford Hall Sanitarium at Stamford, Connecticut, when unknown persons stopped their automobile took him aboard and "stepped on the gas." Daugherty voluntarily entered the sanitarium on April 25. Two days later he was formally committed for not less than four months nor more than a year, upon application of his wife, Jenn B. Daugherty, and his uncle, M. S. Daugherty. It was testified his health had been impaired through drink. Daugherty gained considerable notoriety through his acquaintance with "Doc" King, New York model, who was mysteriously assassinated and to whom J. K. Mitchell of Philadelphia, son-in-law of E. T. Statesbury, admitted he gave large sums of money. Daugherty served with great gallantry in France.

JACK HARRIMAN, EXILED, IS MAKING GOOD.

Mr. and Mrs. Jack Harriman

Young Jack Harriman, son of Mr. and Mrs. Oliver Harriman, a multi-millionaire leaders of New York society, married Alice Laddley, dancing girl and artist's model, on August 12, 1922. She had been raised almost as a ward of Mr. and Mrs. Howard Chandler Christy. Young Harriman was told by his family he would have "to make good on his own." With an allowance from his father of only \$200 a month, he and his bride are living happily in the little railroad town of Jackson, Tennessee, where he is learning the railroad business from the ground up.

be no legitimate complaint against them.

This action does not lessen the sale or consumption of liquor in the United States in violation of our prohibition laws. Bootleggers and rum runners do not get their supplies from the big ocean liners which make regular trips between this country and Europe. The liquor supplies on these vessels is provided only for the use of passengers and crew while sailing the seas outside American waters. No effort has been made to defy the prohibition laws by the big steamship companies inside our three-mile limit. Why harass the owners of these vessels who respect our laws when the country is full of bootleggers and moonshiners?

The time and energy expended in trying to enforce this absurd rule could be put to better use in other directions by the prohibition enforcement officers.

FOSTER'S WEEKLY WEATHER BULLETIN

Washington, June 25, 1923.—Interest in weather of July and August is intense. Three weather features control The ten principal solar system bodies have located the evaporation in the Northeastern Pacific Ocean and practically all the moisture for our continent must come from there. That means more rain than usual for July and August, as a general average. Of course local land formations will make some sections dry. The second excessive rain feature, controlled by a few planets in strong positions, warns that unusually numerous and severe storms will prevail thru July and August, causing an increase of rain for the continent. Location of the rains is a third feature about which I am not so sure. For east of Rockies' crest that moisture must come thru the gaps of the Rockies and how the moisture will be distributed has not been fully worked.

CHLOROFORMS WIFE FOR HEADACHE

My daughter has suffered with stomach trouble and headaches for 3 years. My wife had headaches so bad we had to chloroform her. I also suffered with stomach trouble for years. My wife, daughter and I all used Ferrasol with wonderful results. My daughter is feeling better than she has in 3 years. My wife's headaches have left her and there has been a wonderful change in me. Anyone doubting this testimonial write or call me and I will at any time recommend Ferrasol.

ed out. The Chinook snow melting winds of winter and the hot winds of summer, belonging to east of Rockies great plains cropweather, are the keys that will unlock important continental cropweather secrets.

Section 1: North of 47, between 90 and Rockies' crest: highest temperatures July 1 and 12, lowest 7; average minus; severe storms and most rain 4 to 8.

Sec. 2: North of 47, east of 90 highest temperatures July 3 and 15, lowest 9; average minus; severe storms and most rain 6 to 18.

Sec. 3: Between 39 and 47 and between 98 and Rockies' crest: highest temperatures July 4 and 12, lowest 8; average plus; severe storms and most rain 5 to 9.

Sec. 4: East of 90, between latitudes 39 and 47: highest temperatures July 3 and 12, lowest 8; average minus; severe storms and most moisture 6 to 10.

Sec. 5: South of 39, west of 90 lowest temperatures July 2 and 10, highest 1 and 6; average plus; severe storms and most rain 6 to 10.

Sec. 6: South of 39, east of 90: lowest temperatures July 4 and 11, highest 3 and 8; average plus; severe storm and most rain 7 to 11.

Sec. 7: North of 43 1/2, west of the Rockies' crest: highest temperatures June 30 and July 11, lowest July 7 and July 11, average minus; severe storms and most rain July 3 to 7.

Sec. 8: South of 43 1/2 to Mexican line west of Rockies' crest: highest temperatures July 1 and 13, lowest 5; average minus; severe storms and most rain July 4 to 8.

The Rocky Mountains, from their northern to their southern extremities have a five months winter drought to pass thru, beginning about middle of next October. This will be a good test and I invite criticism. That is not much of an agricultural country and the above cannot seriously hurt people. It may warn those who irrigate to fill their reservoirs now while water is plentiful and the southern herdsmen of the mountains may find other pastures. That great mountain country is one of the most difficult sections of the world for which to make weather forecasts. I am taking a very great risk in the above; it covers 150,000 square miles of land.

Safety First

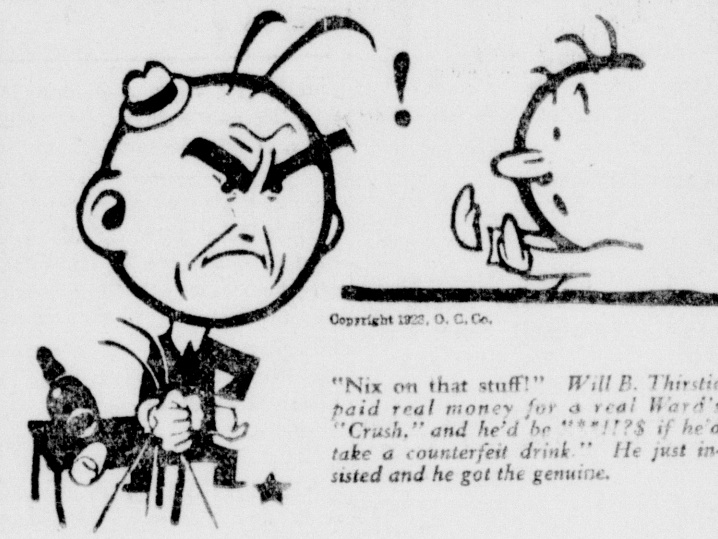

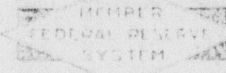

Safety First is a slogan that does not apply only to dodging trains and automobiles.

There is a safe margin in business to be considered. It is safer to save than to spend. If you save it is safer to select a strong and reliable bank to do business with.

If you farm it is safer to have more than one crop. The better the crop is diversified the better your chances for sure returns for your years work.

Think this over very carefully. Formulate your plans on a safety margin basis. Work to that end and if you need assistance we are glad to help.

"Nix on that stuff!" Will B. Thistle paid real money for a real Ward's "Crush," and he'd be "100% sure" if he'd take a counterfeit drink. He just insisted and he got the genuine.

Just INSIST 'I\$?'

Your taste is the surest test. The genuine Ward's "Crushes," mellow, soothing, cooling, just smooth all the thirsty-wrinkles— from your throat. A sip; a swallow; S-A-Y, there just isn't any drink nearly so good. Ward's Crushes owe their distinctive and delightful flavors to the natural fruit oils of oranges, lemons and limes. To these have been added pure cane sugar, citrus fruit juices, U. S. certified food color, fruit acid and carbonated water. Everybody likes them.

Mrs. J. G. Clark and little daughter returned to their home Sunday in Wichita Falls, after a visit with her parents, Mr. and Mrs. J. W. Seals.

THE VOICE WITH THE SMILE WINS

The scene of this tender episode is laid in a dark street at midnight. As our hero approaches a farm steps from a doorway and says: "Pardon me, but have you seen a policeman around here?"

"No, I'm sorry, but I haven't."

"Then you will kindly hand over your watch and purse?"

The caption of this was "The Voice with the Smile Wins."

PROOF OF DEVOTION

"Tom proposed to me last night."

"Did you accept him?"

"Of course, I did, any man who would propose three times when the cost of living is so high must love a girl a lot."

WHAT NOT TO EAT.

Mary had a little lamb,
A lobster and some prunes,
A glass of milk, a piece of pie,
And then some macaroons;
It made the naughty waiters grin
To see her order so;
And when they carried Mary out,
Her face was white as snow.

HOUSE JOINT RESOLUTION NO. 16

Proposing an amendment to Article 8, of the Constitution of the State of Texas, which relates to taxation and revenues, by adding thereto a new section to be known as Section 9a, directing the Legislature to provide for the construction, operation and maintenance, under State control of a State system of public highways; providing for an election for the ratification or rejection of amendment herein proposed, and making an appropriation to defray the expense of said election.

Be It Resolved by the Legislature of the State of Texas:

SECTION 1.—That there be submitted to the people of Texas, for ratification or rejection at a special election provided for herein an amendment to Article 8, of the Constitution of the State of Texas, amending said Article 8, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 9a, which shall read as follows:

SECTION 9a.—The Legislature is authorized and directed to provide for the creation, establishment, construction, maintenance and repair of a system of public highways throughout the State to be under the control of the State; and in order that the State may provide the means, revenues and instrumentalities of such system of highways, the Legislature is empowered to levy and cause to be collected specific taxes and ad valorem taxes, in addition to those permitted for other purposes of the Constitution, but such an ad valorem tax shall be imposed only for the purpose of retiring the bonds authorized by vote of the people of this State as provided for hereinafter in this Section.

When said system shall have been designed and taken over for the State as provided in Section 4 hereof, the Legislature is authorized to make provision for the equitable compensation to such counties for the value of such improvements as have been theretofore constructed by the Counties in the State.

Provided, That save for the State highway system, in all other respects, Counties shall have the right to build, construct and maintain roads, turnpikes, and bridges within their respective boundaries and the Constitutional provisions relating thereto are not qualified or repealed by reason hereof.

The Legislature, at any Regular or Special Session, is authorized and directed to pass and enact all appropriate legislation necessary to carry out and effectuate the purpose and intent of these Articles.

SEC. 2.—The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the fourth Saturday in July, 1923, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the Constitution and Laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words: "OFFICIAL BALLOT." Monday in August, 1923, being the 20th day of said month, then and there to answer a petition filed in said court on the 20th day of June, 1923, in a suit numbered on the docket of said court No. 3315, wherein G. W. Elliott is plaintiff and J. E. Walker, L. P. Loran, J. F. Edwards and Carry Edwards are defendants. Said petition alleging that on the 1st of June, 1923, plaintiff was the owner of lot 316 (6) in block four (4), Sevier & Loran Addition to the town of Vernon, in Wilbarger County, Texas, and on said date defendants entered upon same and ejected plaintiff therefrom to plaintiff's damage of \$500.00.

Plaintiff further alleges that he and those whose estate he has, claim said property under deed duly registered and had peaceable and adverse possession, cultivating and paying taxes upon the same for more than five years before he and those whose estate he has, claiming to have good and perfect right and title to said premises, has held the same peaceably and had the adverse possession thereof for more than ten years next preceding the 1st of June, 1923, claiming said land under the statute of limitation and praying for writ of restitution and that all title be divested out of defendants and vested in plaintiff, for cost of suit and general relief.

Herein full note, but have you before said court on the said first day of the next term thereof this writ with your return showing how you have executed the same. Witness Mrs. J. A. Walker, Clerk of the District Court of Wilbarger County, Texas. Given under my hand and seal of said court, at office, in the City of Vernon, this 20th day of June, 1923.

In addition to his ready cash and his borrowing capacity the thrifty farmer depends largely upon his cows, hogs and poultry around the place.

If he is properly equipped with these he has small cause for worry as to ready money—or the amount he may borrow.

As a matter of fact the thrifty farmer usually is well provided in this respect and as a matter of record few—if any—thus equipped fail to prosper!

Study the systems of your prosperous neighbors and if you'd like to do likewise and can use us, we will appreciate the opportunity.
